About Us

Sparsh Technologies has over two decades of experience in automating HR systems and processes based on deep industry expertise and technology prowess. We have provided HR solutions to over 150 clients across the globe in all sectors i.e. manufacturing, Health, Education, IT, Textiles, Start-ups, etc.

We also provide IT Solutions, Security Solutions and HR Consulting to our clients to improve the organisation's profitability.

At Sparsh, good isn't good enough. We aim to be the best at all that we do—to help maximize the success of our clients. That's what makes us truly different at Sparsh.

What We Stand For

MISSION

Sparsh IT Solutions

We are an effective IT Service Delivery Organization that ensures that IT services support the overall goals of the business while maintaining high standards of quality, security, efficiency, continuous communication, collaboration, and adaptability.

HR Consulting

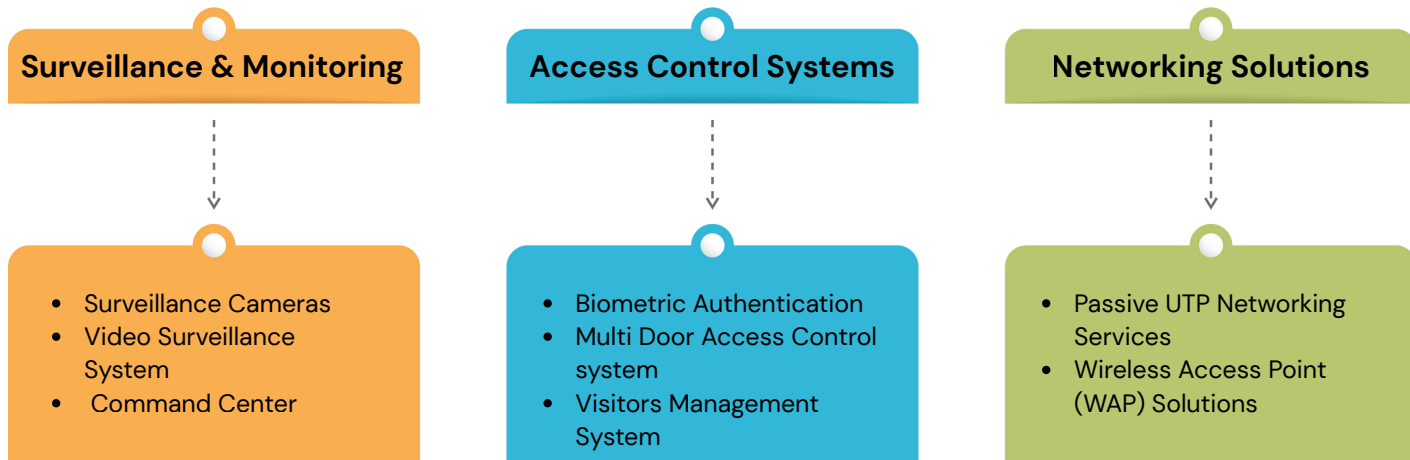

We are HR experts to bring a humane factor to workplaces in the digital era where AI, Bots, and other tools of Industry 4.0 are taking over. We help you build a workforce that is engaged, productive, and successful in an encouraging and positive work environment.

Sparsh Hi-Tech Security Solutions

We specialize in designing, installing, maintaining, and monitoring advanced electronic security systems, offering tailored solutions that safeguard businesses, homes, and institutions through cutting-edge technology. Our AI-powered and analytics-driven solutions ensure end-to-end protection, making us your one-stop destination for comprehensive security without the need for multiple suppliers.
